Re: Docket 98-0151/CP1

Dear Dr. Friedman:

The current practice of slaughtering downed animals for human food should be prohibited, not only for the sake of humans, but for the animals as well. Any animal who is too sick to stand should be humanely euthanized, not subjected to the additional agony of slaughter.

I urge you to remedy this situation by acting on Docket 98P-0151/CP1.

Sincerely,

Dawne Schulte
